

Laboratory Technician

Classification

This is a Full Time position, located in Juneau, Alaska.

Admiralty Environmental is looking for dynamic individuals to join the firm as Laboratory Technicians in our Juneau, Alaska office. This position will be responsible for performing laboratory work for a variety of analytical projects that include the drinking water, cruise ship, mining, and wastewater treatment industries. This is an excellent opportunity for a laboratory analyst to work with a well-established and technically diverse group on challenging environmental water quality issues.

Key Duties

- Analyzing water samples and interpreting environmental chemistry data;
- Data entry and data validation;
- Preparation of sampling kits and bottle orders;
- Assisting in report writing, and
- General office tasks.

Headquartered in Juneau, Alaska, Admiralty Environmental is a leader in water sampling, analysis, and project management for public and private clients. Our employees help Admiralty Environmental deliver innovative, practical, and technically sound results and solutions — helping clients meet increasingly stringent environmental regulations and manage their systems to operate in an environmentally sound manner. To fulfill this mission, Admiralty Environmental is seeking environmental professionals who have a passion for working on challenging projects that will grow their professional skills.

Job Requirements

Qualified candidate will have the minimum of:

- 2 years of undergraduate study in Geology, Biology, Chemistry, Environmental Sciences, or Engineering;
- 1 year of laboratory experience, either in the workplace or classroom setting;
- Strong writing, communication, and computer skills;
- Ability to work in the field in industrial settings;
- Ability to work independently with limited supervision, as well as ability to work effectively as a part of larger teams. Overnight travel may be required.

Applications are available on our website at: <http://www.admiraltyenvironmental.com>

Complete applications will be considered. Please provide phone and email contact information.
